Bloody Doings on the North Fork.

About two weeks ago a party of Indians came stealthily upon a few miners who were sleeping after their work was over, in their tents, on the North Fork, some twenty miles above Auburn. Before the Indians gave any warning to the whites of their presence, they killed two, wounded another, and then succeeded in making their escape. On Friday of last week, a trader, who was travelling with his team, was surrounded by Indians when about fifteen miles above Auburn. The arrows from their bows took effect on his person, and he only saved his life by a precipitate flight—They carried off his coat, which he left on his wagon, with six hundred dollars' worth of dust in the pocket. They also robbed his wagon of the valuable goods it contained, and killed several of his oxen. The accounts of these outrages spread rapidly; and on Saturday last a company of about twenty men, part of whom were mounted on horses, started from Auburn and Kelly's Bar, in pursuit of the Indians. They found them encamped in a valley, near Illinois town, about a mile and a half from the North Fork, and some twenty miles above Auburn. It was thought the Indians were a hundred strong. They were armed with bows and arrows, and had one gun. The whites immediately fired upon them, whereupon they ran, scattering in all directions. After this the whites were occasionally shot at by the Indians, small parties of whom were found here and there in ambush, from which they were driven as often as discovered. Two of the whites were wounded with arrows, but not fatally. The loss of the Indians could not be ascertained. Twenty-five dead bodies were found, and it is supposed they concealed and carried off others of their dead. Among their dead were found a woman and child. The party returned to Auburn, having with them several scalps, which were exhibited in that place in the early part of this week.

It is believed by many of the miners that white men are among the Indians, inciting them to hostilities. It is pretty certain that a German Doctor has been leading them on in some of their attacks.

A meeting was held at Auburn, last Monday evening, to raise a company of volunteers, for the purpose of scouring the country and making war upon the Indians, wherever found, so long as they maintain a hostile position. Some fifteen or twenty enrolled their names. There can be no doubt of the right of men to protect themselves when their lives are endangered, and a certain degree of force is justifiable for the protection of property. We fear, however, the Indians have not always been dealt with in the right spirit in this country, and that many lives have been lost where there would have been no difficulty had more pains been taken to cultivate feelings of amity and accommodation with the aboriginal race. There are too many who are ready, at the slightest provocation, to shoot an Indian; and, possibly, the Indians have often done things consistent with *their* etiquette, which have been misunderstood by our people. We fear it is too late now, after so many difficulties, for our people to live with them, and that hostilities will become more general than heretofore. It would be well for both whites and Indians if government troops could be sent in sufficient numbers to the most exposed places. Otherwise there is danger of valuable lives being lost, and an irregular warfare being kept up, which many think not at all honorable to either party.—*Sacramento Transcript.*

From the Middle Fork.

The following extract from a letter dated at Macsville, April 29th, is taken from the Sacramento Transcript:

The snow has disappeared for twenty miles above this, and the miners are beginning to work again. I have been speaking to a gentleman who has just returned from the El Dorado Canon, four miles above this, and he says it is turning out fully as rich as was expected. A party of five men commenced in the morning, and up to the time he had left (11 o'clock) had taken out five pounds of gold, and then they were only cutting a ditch preparatory to turning the water.

They are laying claims in all the canons and ravines in this section of the country, and I think you will hear of some "rich doings" here, before the summer is over, for there was very little or no work done in them last season, and there is no doubt about this being the richest part of the mines.

Our gold here is all in coarse slugs and lumps, the finest of which is coarse enough to shoot deer with. The finest specimens in all California are found here. I have seen pieces of gold and quartz here weighing a pound, and the quartz would be so perfectly transparent that you could read a newspaper through it, where the gold did not intervene.

A great number of the miners that came up here (unacquainted with the "diggins" in this particular section of the country) return disheartened; they did not know how to prospect for gold here. It is from four to seven feet to the bed rock in the dry diggins, and persons unacquainted here never think of going that deep for prospecting purposes.

DAILY PACIFIC NEWS.

J. WINCHESTER.....EDITOR.

Tuesday, May 14, 1850.

☞ PRESSMEN WANTED.--One or two good pressmen will find employment at this office. Apply immediately.

☞ The Steamer edition will be ready at ten o'clock *this* morning. It will contain a review of the market, in addition to a large amount of other valuable matter. We regret that we are unable to issue an edition adequate to the demand

☞ Copies of the "Practice Act" are for sale at the desk. Early calls will be necessary, as but a limited number have been issued.

MAP OF THE BURNT DISTRICT.—A fine lithographic map of the section of the city recently destroyed by fire, with a large portion adjacent, is for sale at our counter to-day.

Steamer Chesapeake.

We are glad to see a proper solicitude is awakened in regard to the fate of this vessel. Nearly four hundred souls are possibly suffering all the horrors of starvation, upon the bleak shores of Lower California. A propeller is far more unmanageable without fuel than any other kind of vessel, and it may be impossible to advance upon her voyage. The sympathy of the community has justly rebuked the levity and croaking which has attempted to be expressed by the heartless and unfeeling few. The generous feeling that prompted relief by the San Franciscans to the perishing emigrants in the bleak Sierra Nevadas, and which was so nobly evinced by Gen. Riley last season in forwarding succor to those who, crossing the plains, were destitute and suffering almost within sight of the promised land, will not fail to award a proper measure of contempt to any man who can laugh to scorn the holiest feelings of our nature.

Mail by the Isthmus.

We learn that the mail which is to be dispatched by the Isthmus, will be taken by the agent of the line as an accommodation to the public, *without charge to the Government*. This is certainly very liberal, but not just; for if Messrs. Howland & Aspinwall have failed or are unable to fulfil their contract with the department to transport the mail semi-monthly, between this port and Panama, and a portion of such service is rendered by Law's line, the latter should at least be paid one half the contract price therefor. The attention of Congress, as well as of the Post Office Department should be called to the miserable postal arrangements that now exist on the Pacific side.

Items from the Stockton Times.

The *Times* of 11th inst., announces the discovery of another batch of lumps near Sonora,—one weighing ten pounds and eleven ounces, another four pounds and seven ounces. The *placer* at Columbia city, five miles from Sonora is said to be not less than three miles square. It is of extraordinary depth; one large hole has been dug to the depth of sixty-two feet through red soil of a volcanic nature, without reaching the quartz, and gold has been found in more or less quantities the entire distance from four feet below the surface.

SONORA.—*Smuggling*.—The public is not generally aware of the extent to which smuggling is carried on by the Mexicans who are continually arriving at this town. The principal articles smuggled are serapas, blankets, &c. We hope that this matter will be taken notice of by the proper authorities.

MURDER MOST FOUL.—This morning (7th) murder was committed in the town of Sonora, by a Mexican. Two men and a woman had been living together for some time in a tent, but on Wednesday last, incited by a jealous feeling, one of the men shot the other through the heart. The brute then attacked the woman, and so seriously injured her that her life is despaired. The murderer has been apprehended.

BAD BEHAVIOR.--We must take the liberty of rebuking the conduct of a good part of the spectators who were witnessing the proceedings of the Board of Aldermen last evening. To uproariously applaud or hiss the acts of a legally constituted body of legislators is without parallel, and we hope will not be attempted in future. The Council should protect its own dignity by at once repressing such improper behavior.

EXPRESS FOR THE STATES.--GOLD DUST.—Adams & Co. will, as usual, send a messenger through to New York, in charge of gold dust and parcels—who will leave with the steamer to-morrow. This house is much the largest shipper of gold dust of any other in California: and from the gentlemanly attention on the part of Mr. Haskell, the resident partner in San Francisco, and his clerks, it is acquiring an immense popularity with the business community generally.

CORRECTION.—In the list of Central Wharf Directors, yesterday morning, J. L. Johnson and J. C. Wait should have been J. L. Folsom and J. C. Ward.

Latest from the Sandwich Islands.

Through the politeness of Ludlow Thomas, Esq, we have been put in possession of Honolulu papers of 13th April. The principal news of interest is comprised in the King's speech made to the legislature upon the opening of its session on the 10th ult.

Assurances have been received from all foreign nations of a most friendly character.

Confident hopes are expressed of an amicable settlement of all matters of difference with the French government, whither the Minister of Finance has been sent for this purpose.

A distribution of lands to the actual cultivators of the soil with an allodial title, was resolved on the 21st Dec. 1849. This move is made with a view to encourage agriculture and promote industry.

A savings bank, under proper restrictions, is suggested.

A hint is given that the prosperity of the Islands demands a repeal of the laws prohibiting aliens from acquiring lands in fee simple.

Unnecessary legal impediments to intermarriages between natives and respectable foreigners, are recommended to be abolished.

A criminal code is suggested for careful consideration by the legislature.

A necessity exists for a general revision of the whole system of taxation. All surplus revenue is recommended for the founding of schools, hospitals, and public works of general utility.

At the close of the speech, various members expressed themselves highly gratified with its tone and information.

Business at Honolulu is brisk. In the matter of house building the town presents an unusually lively scene; this branch of business having at no time heretofore, been carried on to such an extent.

Accounts from all the Islands represent the growing crops as promising, and far more extensive than at any season previous. At this present time the kingdom has been drained of its home productions.

HAIL STORM ON KAUAI.—Quite a severe hail storm occurred on the leeward side of Kauai, on the 19th March, extending from the valley of Lawai, near Koloa, to Waimea, a distance of twelve miles. The hail stones were very large, many of the size of a pigeon's egg, and in some places, particularly in Waimea, the ground was whitened by the hail.

This is the first time that hail has been seen on the leeward side of that Island, since the residence of foreigners there, a period of about thirty years, and seems to have excited no little wonder among the natives. One woman, rather more curious than the rest, scraped up enough to fill her calabash, and carefully putting it aside to preserve the hail stones, hastened off to Koloa, several miles distant, to inquire of the foreign residents, what they could be.

Commercial Regulations.

Condensed Abstract of Laws Respecting Commerce, published for the information of Ship Masters and others frequenting the ports of the Hawaiian Islands.

Vessels arriving off the ports of entry to make the usual marine signal if they want a pilot.

The pilot will approach vessels to the windward, and present the health certificate to be signed by the captain. If the vessel is free from any contagion the captain will hoist the white flag, otherwise he will hoist the yellow flag, and obey the direction of the pilot and health officer.

Passports must be exhibited to the Governor or collector by passengers before landing.

Masters of vessels allowing baggage to be landed, before compliance with the laws, are subject to a fine of $500.

Masters of vessels, on arriving at any of the ports of entry, are required to deliver all letters to the collector of customs. The law regarding the delivery of letters by shipmasters to the collector, will only take effect on promulgation by his Hawaiian Majesty in privy council.

The commanding officer of any merchant vessel, immediately after her arrival at either of the legalized ports of entry, shall make known to the collector of customs the business upon which said vessel has come to this port—furnish him with a list of her passengers, and deliver to him under oath a full, true and perfect manifest of the cargo with which said vessel is laden: which manifest shall contain an account of the packages, with their marks, numbers, contents, quantities, and also the names of the importers or consignees. When any such officer shall fail to perform any or all of the acts above mentioned within forty-eight hours after his arrival, he shall be subject to a fine not exceeding one thousand dollars.

All manifests, entries and other documents presented at any custom house, shall be either in the Hawaiian or English language.

The collector, at his discretion, and at the expense of any vessel, may provide an officer to be present on board such vessel during her discharge, to superintend the disembarkation, and see that no other or greater amount of merchandise be landed than is set forth in the permit.

All goods landed at any of the ports of these islands are subject to a duty of five per cent. *ad valorem*, except spirituous or fermented liquors.

The following are the only ports of entry at these islands, viz:—for merchantmen, Honolulu, Oahu, and Lahaina, Maui; and for whalers, in addition thereto, Hilo, Hawaii, Hanalei, Kauai, and Kealekekua, Hawaii. The port charges on merchant vessels are as follows:—At Honolulu 20 cents per ton—buoys, $2—clearance, $1—pilotage in and out $1 per foot, each way. At Lahaina, anchorage dues, $10—pilotage, $1—health certificate, $1—lights, $1—canal (if used) $2—and clearance. $1.

Merchant vessels touching at the port of Honolulu, for refreshments only, and neither lading or unlading any cargo, taking or leaving any passengers, shall pay but six cents per ton harbor dues, instead of twenty cents, but if they discharge or take cargo, leave or take passengers, they shall pay twenty cents per ton harbor dues.

By a law promulgated in the Polynesian newspaper, of June 19, 1847, whale ships are, from and after that date, exempted from all charges for pilotage, tonnage dues, or anchorage fees, at all the various ports of entry for whalers of this group.

Hereafter, the charges on whalers will be, clearance, $1—permits (when required) $1 each—and in addition thereto, at Honolulu, buoys, $2. At Lahaina, health certificate, $1—lights $1—canal (when used), $2—and at Kealakeakua, health certificate, $1.

Whaleships are allowed to land goods to the value of $200, free of duty, but if they exceed that amount, they are then liable to pay five per cent. on the whole amount landed, as well as the charges for pilotage and tonnage dues, or anchorage fees, required by law of whalers previous to June 19, 1847; and if the goods landed shall exceed $1200, (which is only permitted by law at Honolulu and Lahaina) they will then be considered as merchantmen, and subject to the like charges and legal liabilities.

The permits granted to whalers do not include the trade, sale or landing of spirituous liquors. Any such traffic by them (which is prohibited except at Lahaina and Honolulu) will subject them to the charges upon merchantmen, including the payment of twenty cents per ton, as well at the anchorage of Lahaina and at the roadstead of Honolulu, as within the port of Honolulu.

Any master of a whaleship who shall fail to produce his permit when called for, shall be liable to a fine not less than ten nor more than fifty dollars, to be imposed by the collector.

Before obtaining a clearance, each ship-master is required to produce to the Collector of Customs, a certificate under the seal of his Consul, that all legal charges or demands, in his office, against said vessel, have been paid, and that he knows of no reason why said vessel should not immediately depart.

Spirituous or fermented liquors landed at any of the ports of these islands, are subject to the following duties, viz: rum, gin, brandy, whisky, &c., of more than 27, and less than 55 per cent. alcohol, $5 per gallon, if more than 55 per cent. alcohol, $10 per gallon; wines, liqueurs, &c., (except claret, Bordeaux, champagne and Sinclar wines of not over 18 per cent alcohol) $1 per gallon; claret &c., of less than 18 per cent. alcohol, malt liquors and cider 5 per cent. *ad valorem*.

Products of the whale fishery may be transhipped free from any charge of transit duty.

Vessels landing goods upon which the duties have not been paid, are liable to seizure and confiscation.

If any person commit an offence on shore, and the offender escape on board of any vessel, it shall be the duty of the commanding officer of said vessel to surrender the suspected or culprit person to any officer of the police who demands his surrender on production of a legal warrant.

It shall not be lawful for any person on board of a vessel at anchor in the harbor of Honolulu, to throw stones or other rubbish overboard, under a penalty of $100.

All sailors found ashore at Lahaina, after the beating of the drum, or at Honolulu, after the ringing of the bell, are subject to apprehension and a fine of $2.

Shipmasters must give notice to the harbor master of the desertion of any of their sailors within 48 hours, under a penalty of $100.

Seamen are not allowed to be discharged at any of the ports of these islands excepting those of Lahaina and Honolulu.

It shall not be lawful to discharge seamen at any of the ports of these islands without the written consent of the Governor.

Honolulu and Lahaina are the only ports at which native seamen are allowed to be shipped—and at those places with the Governor's consent only.

Any vessel taking away a prisoner from these islands shall be subject to a fine of $500.

To entitle any vessel to a clearance, it shall be incumbent on her commanding officer first to furnish the collector of customs with a manifest of cargo intended to be exported in such vessel.

It shall not be lawful for the commanding officer of any Hawaiian or foreign vessel, to carry out of this kingdom as a passenger, any domiciled alien, naturalized foreigner or native, without previous exhibition to him of a passport from His Majesty's Minister of Foreign Relations.

THE ISTHMUS.—This steamer is rapidly filling up her passenger list, and we have reason to know will have as many applications for passage as can be comfortably accommodated. The agent, Mr. Charlick, intends to go down in her as far as Mazatlan, to perfect arrangements for a supply of coal, &c., so that when the remaining steamers are placed in line, all will work smoothly. Under the liberal management of Mr. Charlick, who seems to have a true appreciation of the public wants and interests, this line will become a favorite one with the public. We are certain that nothing will be done on a niggardly scale; and the officers of the Isthmus will, so far as they are concerned, carry out the wishes and intentions of the proprietors in a proper spirit.

Common Council.

BOARD OF ALDERMEN.

After the Board organized, Ald. Selover's resolution in relation to the seat of Ald. Gillespie came up for discussion. The especial committee appointed on that case, Messrs. Selover and Minturn, made counter reports. Ald. Selover reported against Ald. Gillespie retaining his seat, and Ald. Minturn for his eligibility. The latter report was adopted by one majority.

The President announced a message from the Mayor, and the reading was called for. It related, among other things, to the amount of the reward which had been offered for Reuben Withers.

Petitions for the following objects, viz:

John S. Eagan to be elected Chief Engineer, Fire Department.

Mr. Vanclief for Superintendent of Repairs of Public Buildings.

Dr. Ogden for City Physician.

John C. Derby for Fire Warden.

J. L. Riddle & Co. for City Auctioneers.

Norman Bugbee, in relation to confirmation of title to lots held under Colton grants.

W. P. Humphreys for City Surveyor.

On motion of Alderman Gillespie, the petitions were laid on the table until next meeting.

Alderman Gillespie moved that the Mayor's message be referred to the several committees, in accordance with the subjects it embraced.

Ald. Minturn, chairman of Committee on Rules and Regulations, reported a code, which was passed unanimously.

Ald. Stuart moved that the President appoint a Standing Committee on Licenses and Excise. Agreed to.

Ordinance reported from Board of Assistant Aldermen, relative to filling vacancies in either Board of the Council, came up. It provides that all vacancies shall be filled for either board by a joint election of the Council. It excited warm and earnest discussion for a considerable time; and was finally passed, by a vote of 4 to 3.

A petition was laid before the Board from the judges and inspectors of the late spring election, asking payment for their services at the rate of $100 per day each. Referred to Committee on Finance.

Bill for stationery, &c.—referred to same committee.

A report was presented from Capt. E. D. Keyes, superintendent of harbor improvements, stating to the Council the impediments he labors under in the prosecution of the work from the want of funds.

The reports of the Treasurer and Comptroller were received; after being read, they were referred.

On motion of Ald. Stuart, the report on salaries was reconsidered, and referred back to them for further action.

On motion of Ald. Gillespie, a committee of one was appointed to inquire by what authority the Collector of this port grants licenses to boats of this harbor.

On motion of Ald. Mott, the Street Inspector was instructed to repair California street, between Montgomery street and the beach. Referred to the Committee on Streets.

Ald. Green presented a resolution that all future grading and repairs of streets be let out to the lowest bidder, and security be taken for the performance of the contract. Referred as before.

Resolutions from the Board of Assistant Aldermen were received in relation to Joint Standing Committees. After striking out the 6th section in relation to holding joint elections for officers under the charter, they were passed without dissent.

The Board adjourned till Wednesday evening next, at seven o'clock.

ASSISTANT ALDERMEN.

After the presentation of several communications, Ald. Wilson, from the Committee on Finance, in relation to salaries, reported progress, and asked further leave to sit. Granted.

Ald. Botts, from the Committee on Ordinances, reported back the ordinances sent for concurrence, some with amendments—when the following action was had, separately.

Ordinance in relation to the powers of the harbor master—laid upon the table.

In relation to the promulgation of ordinances—concurred in with amendment.

In relation to assessors—concurred in.

In relation to obstructing sidewalks and roads—a substitute adopted.

In relation to nuisances, sources of filth, &c.—recommitted.

To prevent encroachment upon the streets—adopted with a slight amendment.

For the prevention of drunkenness—non-concurred in.

For security against fire—non concurred in.

For the prevention of riots, &c. recommitted.

For the extinguishment of fires—adopted with an amendment.

In relation to the collection of wharfage at the bulk head, foot of California street—laid on the table.

In relation to the violation of Sunday—laid on the table.

A communication was received from the Board of Aldermen announcing their concurrence in the ordinance providing for the filling of vacancies in either board by joint ballot. Alderman Botts asked and obtained permission to spread his protest upon the records.

Ald. Botts reported a set of joint resolutions for the government of both Boards in the transaction of business—adopted.

After some other unimportant business, adjourned till Wednesday evening, 7 o'clock.

TODD & BRYAN'S EXPRESS.—We have been frequently indebted to these gentlemen for the prompt delivery of papers and letters from Stockton and the Southern mines. They are deserving the public confidence for their enterprise and promptitude.

MARRIED,

In this city on the 7th instant, at the Manse of the First Presbyterian Church, by the Rev. A. Williams, Joseph Stedman to Eliza Kennon.

DIED,

In this city, on the 6th inst, of diarrhœa and dysentery, Elisha L. Silliman, of New Haven, Conn, aged 57 years. Mr. Silliman was long known in his native city as a prominent and valuable citizen.

NEW DAILY Evening Paper in san Francisco—ROBERT D. FOX proposes to establish a daily newspaper in the city of san Francisco, to be issued every afternoon. The design of the paper will be to afford a reliable medium of information on all subjects of general and local interest: also to give full and accurate commercial and shipping intelligence up to the hour of publication each day. In a commercial community like ours, the utility of an evening paper, that will place the transactions of the day before the public immediately, must be apparent.

While the principal aim will be to give to the patrons of the proposed paper all the advantages of a strictly business publication, it should be understood that on questions of a political character, it will always be found a decided advocate of the principles and measures of the great democratic party of the Union.

The first number will appear on or about the first day of June next.

TERMS—$25 per annum, when delivered to city subscribers at their residences, or $20 when mailed—payable in advance. Advertisements inserted at the usual rates. cxl tf

RARE CHANCE—A New Hotel to Let, in a superior location, and boarders waiting sufficient to fill it as soon as open. The subscriber has nearly completed his hotel over his store in Sacramento street, having very pleasant and spacious apartments, sufficient to accommodate 14 couples and 40 single persons.

Every convenience will be added, and boarders may feel that they are but little short of New York, Philadelphia or Baltimore in point of comfort. A piano forte has been purchased and placed in the building. A portion of the rent will be taken in board; and any gentleman and lady who will take the premises, and keep a genteel house, can obtain it for a fair low rent.

Will also rent his store, 20 by 64 feet, with a sure and profitable business already established. A portion of the business requires no capital, which portion alone will pay the rent. G. H. Beach,

EMPIRE CITY.

FOR Sonorian Camp, Wood's Diggings, Sullivan's, Hawkins's and Don Pedro's Bars, head waters of Tuolumne, Mercedes, and Mariposa Rivers; also, to head waters of san Joaquin and King's River FREIGHT or PASSAGE to EMPIRE CITY, TUOLUMNE. DURFEE & TOWNSEND have established a daily line of sailing vessels from san Francisco to the above city, situated on the south easterly bank of the Tuolumne river, thirty-five miles above its mouth, and are prepared to carry freight or passengers.

This route is the only one which can be really said to extend, by water, to the very gold field. The city stands at the head of navigation on the Tuolumne river, where the low hills of the Sierra Nevada meet the plains of the san Joaquin, and is not only accessable by sufficient water at all seasons of the year, but the roads to the mines, from that point, are good in wet or dry weather. Goods shipped to Empire City, Tuolumne, save from 25 to 60 miles of land carriage over any other depot for that gold region, avoiding soft roads, expensive ferriage, and personal discomfort.

Persons shipping goods, or taking passage, may rely upon promptness in dispatch, speed in transit, and great saving in time and expense.

For freight or passage, apply to messrs. Turner, Fish & co., foot of Jackson street, san Francisco, or to the subscribers, Empire City, Tuolumne. April 29, 1850. cxxxii tf Durfee & Townsend.

EMPIRE AND CRESCENT CITIES.

THE survey of this town being completed at the head of navigation on the Tuolumne river, and numerous lots sold and houses erected, designed originally to bear the name of Crescent city, the subscribers, owners of lots in said town, learning that a plat of ground on the northwesterly bank of said river, two miles below, surveyed and laid out last year, still insists upon its rights and advantages as a place for a city, have concluded to leave to the town plot alluded to the beautiful name of Crescent city, and adopt one quite as appropriate, if not so beautiful—Empire—henceforth, therefore, we claim the name of Empire city. The map will be deposited in the proper offices, and the change in name noted.

Empire city stands on the southeasterly bank of the Tuolumne river, and is the only point accessible by water at all seasons, immediately contiguous to the gold fields of Tuolumne, Merced, Mariposa and San Joaquin rivers. It is at the head of navigation on the Tuolumne river, 55 miles from its mouth. Those persons wishing a settlement in the country are desired to visit it, and examine its advantages over any of its competitors. Signed—Philo Durfee, Edwin D. Townsend, Wm. J. Marcy, W. H. Willson, Joseph F. Miller, Wm. M. Rowlett, Thomas J. L. Smiley, David Turner, Edward S. Townsend, Edward Conway, Henry E Perrine, J. B. Lattimer. cxxxiv
